CRIME IN COLORADO

Colorado Bureau of Investigation

ANNUAL REPORT

CBI

Richard D. Lamm, Governor

Department of Local Affairs
Colorado Bureau of Investigation

John R. Enright, Director

Contained herein is a report of the nature and extent of criminal activity reported to law enforcement authorities state-wide during 1983. This document is produced annually by the Crime Information Section of the Colorado Bureau of Investigation in cooperation with the Chiefs of Police and County Sheriffs of Colorado and is intended to give the people of Colorado an accounting of criminal activity within their state. In addition, it provides local law enforcement managers with a planning document and a means to compare criminal activity within their own jurisdictions to that in similar jurisdictions. Further, elected officials can use this information in developing legislative programs to deal more effectively with issues within the criminal justice system.

I am pleased to report that for the second consecutive year total index crime in Colorado has decreased in both volume and rate. It is only through accurate data collection and timely reporting can we continue to depict a complete picture of crime within our state and seek methods of solving this problem.

During the eight year history of the annual report the format has undergone several modifications. The product before you today has been revised to provide a most useable document, and to reduce the costs of production. We welcome comments concerning this report or any other facet of criminal activity which may be available in our records.

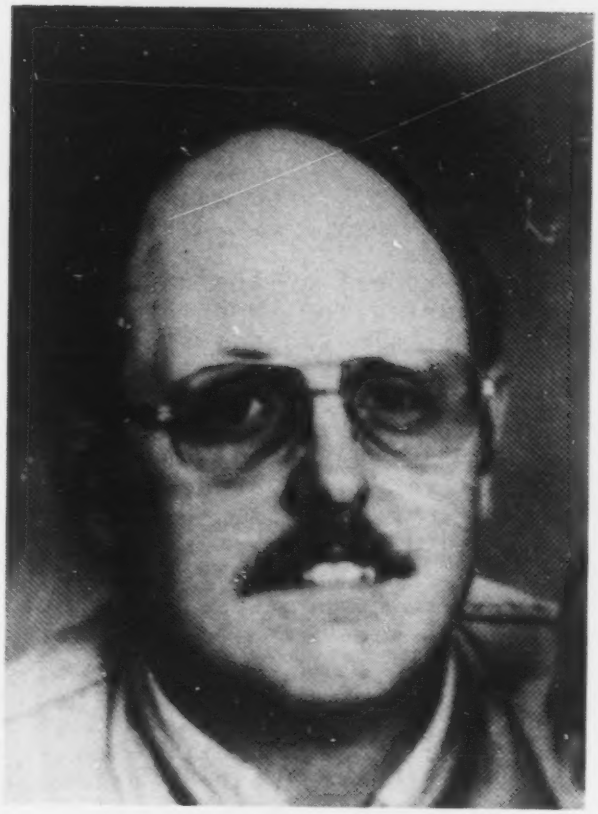
IN MEMORIUM



OFFICER LARRY FRED MCMASTER

MONTROSE POLICE DEPARTMENT
Killed in the line of duty:
April 23, 1983

On the evening of April 23, 1983 Reserve Officer McMaster and a fellow officer responded to a man-with-a-gun call at a local tavern. After entering the rear of the establishment and observing nothing out of the ordinary, both officers proceeded to walk through the bar toward the front of the building. As they passed, the suspect, who was standing at the bar, turned and fired three shots from a small caliber handgun. Officer McMaster received a mortal wound to the head while his partner was wounded in the abdomen and shoulder. A one year veteran, Officer McMaster succumbed to his wounds on April 25, 1983.

Courage knows no limits. It is not bound by a person's age or sex or race. Courage is a spirit that is at home in the hearts of brave men and women everywhere.

This book is dedicated to all the brave men and women who serve our society at the risk of making the supreme sacrifice.

INTRODUCTION

Two-hundred twenty-five law enforcement agencies reported crime statistics to the Colorado Bureau of Investigation during 1983. This included 62 sheriffs' departments and 163 municipal and other local agencies.

The on-line incident by incident phase of the State Crime Statistics Program included 80 of the above agencies. This direct input is supplemented by the entry of the hard copy summary reports by the CBI staff. The statistics are collected and stored in the Colorado Crime Information Center (CCIC) computer.

Agencies reporting Part II offenses to the CBI via CCIC receive monthly and annual summary reports from the CBI concerning those Part II incidents.

TRAINING ASSISTANCE

The CCIC staff provides continuing quality control, monitoring, and training assistance to the personnel of over 250 criminal justice agencies statewide. This assistance insures that accurate, complete, and properly classified crime information is identified, recorded, and reported.

Files maintained related to crime, arrests, arrest disposition, fugitives, and stolen and/or recovered property. The CCIC staff also assures proper use by over 2,000 CCIC terminal operators of the state and national law enforcement telecommunications systems.

THE INDEX OF CRIME

The crime index consists of the seven most commonly reported offenses which compose the Part I crimes: murder, forcible rape, robbery, aggravated assault, burglary, larceny-theft and motor vehicle theft. (Excludes "manslaughter by negligence and simple assaults"). The tabulations on the following pages present a summary picture of Part I crimes for the State of Colorado. Reference to the Uniform Crime Reporting definitions of each of these crimes should be made for a more precise understanding of what kinds of criminal activity these statistics represent.

The seven index crimes are also divided into two groups to enable further analysis. The categories and their components are:

VIOLENT CRIMES
Murder
Forcible Rape
Robbery
Aggravated Assault

PROPERTY CRIMES
Burglary
Larceny-theft
Motor Vehicle Theft

For 1983 both the number of actual offenses reported and the rate of occurrence decreased. The crime rate is the number of actual crimes reported for every 100,000 inhabitants. Based upon a 1983 estimated Colorado population of 3,118,719 the crime rate fell 5.0% while the number of reported offenses decreased by 2.8%. Both the violent crime and property crime totals decreased in 1983. The chart below relfects those changes.

Summaries by Jurisdiction

The following pages summarize crime reported by type of offense, by reporting jurisdiction. If an agency name is missing, or if no reported crime is shown, it is because either no reports were received from those agencies, or they reported through their sheriff's offices.

Caution should be used when comparing one county's figures against anothers. There are eleven cities in Colorado that are in two or more counties. Obviously crime may occur throughout the city limits and in all counties effected. For reporting purposes however, the agencies totals are included under only one county. Following are the cities which cross county lines; next to each city is the county within which it is counted for statistical purposes.

PROPERTY STOLEN AND RECOVERED

Summaries by Jurisdiction

The next 32 pages reflect county-wide summaries of the value of property reported stolen and recovered. Each county report includes figures from all agencies in the county that made reports. The law enforcement agencies participating in the crime reporting program each have total figures for their respective jurisdictions.

Caution should be used when comparing one county's figures against anothers. There are eleven cities in Colorado that are in two or more counties. Obviously crime may occur throughout the city limits and in all counties effected. For reporting purposes however, the agencies totals are included under only one county. Following are the cities which cross county lines; next to each city is the county within which it is counted for statistical purposes.

COLORADO ARREST DATA

Submitting agencies are required to report monthly the number of arrests made for offenses committed within their jurisdictional limits.

There is no direct correlation between persons arrested, the number of offenses reported or the number of offenses cleared. Several persons could be arrested for the same offense or the arrest of one person may clear several offenses. A person is counted only once each time arrested. Therefore, if a person is arrested but wanted for several crimes within the same jurisdiction, he or she would be scored only once for the most serious crime in accordance with the hierarchy rule. The same process is applicable whether the arrestee is adult or juvenile.

Volume and Rate

Reported arrests in Colorado totaled 203,386 for Part I and Part II crimes in 1983. This represents a 5.3% increase over 1982. There were 6,523 arrests per 100,000 persons in 1983 as compared with 5,582 per 100,000 persons in 1982. Part I arrests accounted for 21.7% of the total arrests. Of those Part I offenses, Larceny-Theft comprised the greater portion with 68.8%. The greatest percentage of Part II arrests were for All Other Offenses (except traffic), 34.3%, followed by Driving Under the Influence, 18.6%. During 1983, arrests for violent crimes (Murder, Forcible Rape, Robbery and Aggravated Assault) accounted for 12.9% of all Part I arrests and 2.8% of the total arrests.

Arrests by Age

The number of persons under the age of 18 (Juvenile) arrests during 1983 increased 1.1% over 1982. Arrests of juveniles for Part I crimes increased 7.0% compared to 1982. The number of persons over the age of 18 (Adult) arrested during 1983 increased 6.3% over 1982. Arrests of adults for Part I crimes increased 2.0% compared to 1982.

Arrest by Sex

Of the 203,386 arrests in 1983, the greatest percentage of arrests were male, 80.4%, a decrease of .4% over the 1982 total male arrests. Females accounted for 19.6% of the 1983 total arrests, an increase of .5% over the 1982 arrests.
